

Darius Adams

[Web Developer - Software Engineer](#)

Minneapolis, MN

(763) 360-4593 | DTDariusAdams@gmail.com | github.com/dontbedarius

"I want to look back on my career and be proud of the work, and be proud that I tried everything."

—Jon Stewart

Summary

Motivated web developer/software engineer with years of experience as a freelancer, sourcing projects through referrals and networking. Seeking to use my education, self-confidence, and technical skills to improve the company's performance.

Skills

HTML CSS JavaScript ES6 ReactJS NodeJS SQL
C# Python MongoDB jQuery Git REST API Microsoft Office

Experience

Freelance Web Developer

Minneapolis, MN

Portfolio.DontBeDarius.com

2018- Present

- Used WordPress to create websites and static sites for real estate companies, loan officers, and other professionals.
- Built eCommerce stores using Woocommerce for product management along with Stripe and Paypal APIs to accept payments
- Created an online app for teachers to build lesson plans using WordPress. Installed plugins to translate the lessons to different languages and keep track of visitors and the lesson that was created for different subjects.

Previous Projects

DevWorld (Personal)

devworld-dontbedarius.herokuapp.com

- Devworld is a free community where developers of all levels can share their development experience, help others, and get answers from other developers.
- Used React Hooks, Async/Await & modern practices to build a full-stack app with React, Redux, Node, Express & MongoDB

Portfolio Website (Personal)

<https://portfolio.dontbedarius.com>

- One-page site using HTML, CSS, and Javascript that is used to showcase my services and to gather info from visitors that inquire about my services.

Level 11 Events (Professional)

<https://level11events.com>

- Level 11 Events is a full-service event production company that has redefined the standards of entertainment for weddings, corporate, and private events.
- This was a revamp of their website using WordPress. Also integrated the app they use to manage their event planning.
